Folly ... French from Folie ... Foolishness ...

Inspiring Figuratives for Artist series

The purpose of the *Inspiring Figurative for Artists* series is to provide study materials for the artistic praxis of artists who are trying to master the human form.

This collection of Figuratives are from different performers of Les Follies ... les follies is a type of artistic performance that was made famous by *Les Follies Bergère* in Paris and *The Ziegfeld Follies* in New York.

The Figuratives in this book are simple in their composition. There are no extravagances. They illustrate the beauty of the female form and that of the dancer or performer, who had to be in peak figure. In a future book in this series we shall include Figuratives from more famous performers such as the infamous Mata Hari.

Inspiring Figuratives for Artists is a series of books to help you with your *Figurative* artistic praxis. If you master the *Figurative* ... it is said you can master art. In each *Figurative* in this book search for vanishing points, as well as balance, and how the surroundings relate to the artist's model.

This book is the ninth in the *Inspiring Figuratives for Artists* series for artists wanting to expand their praxis brought to you by *Atelier Press*.
